**2020**

*1 & 2 Cylinder Rally*

Wednesday 1 - Tuesday 7 April • Hosted by Veteran Car Club of Australia (Qld) Inc.

# Newsletter

**Number 9 September 2020**

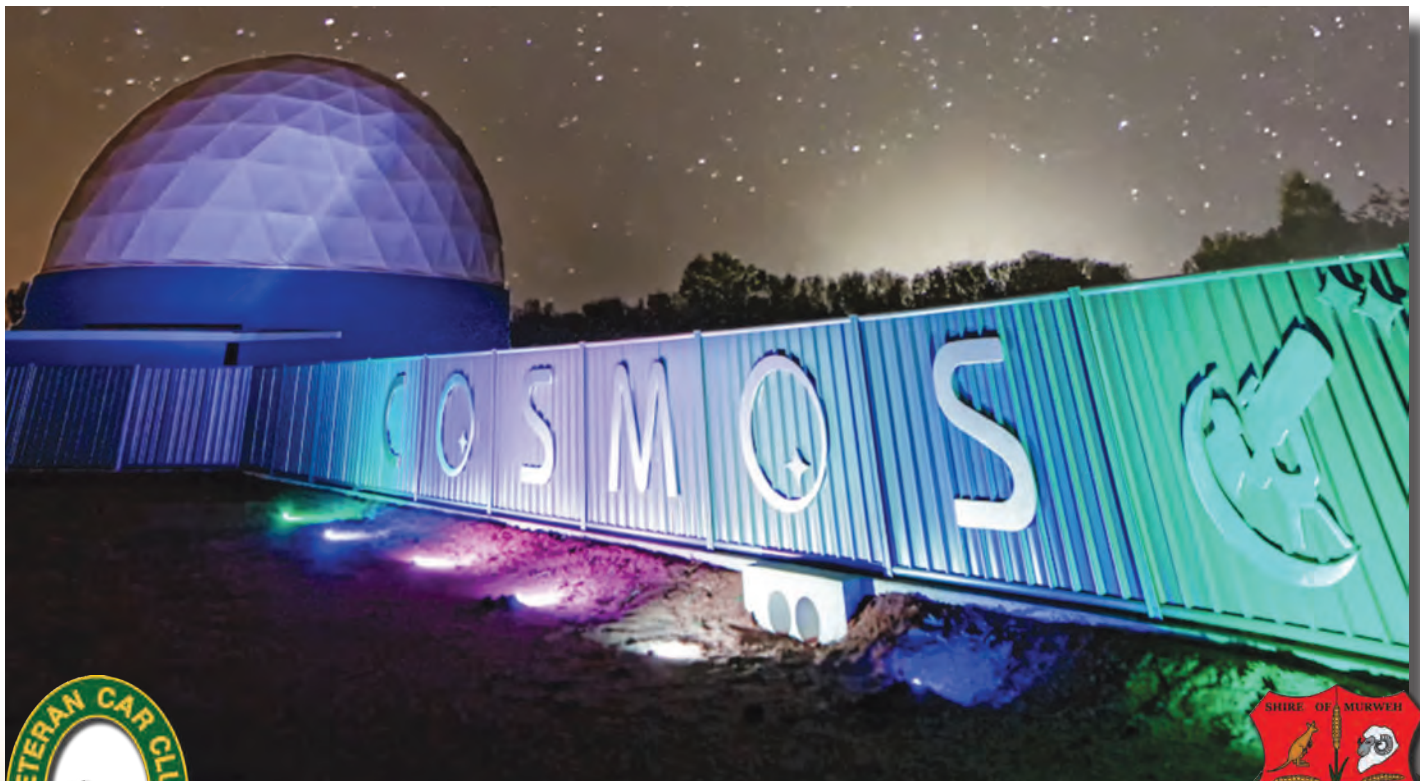

## Hi 1&2 cylinder veteran enthusiasts.

We are 6 months down the track from our last message to you. The impact of the Coronavirus has been enormous globally and here at home we remain in a quandary as to what impact it may continue to have on our 2020 National Veteran 1&2 Cylinder Rally in 2021.

Rest assured, we are working feverishly (maybe a bad choice of words) to bring you a COVID safe rally next April. The rally may have to look a little different depending on just what regulations may

dictate. We are fortunate in that our proposed program is quite flexible and lends itself to be massaged into a Plan B or a Plan C if need be. If it needs to be cancelled, it will be very disappointing but we must keep us all safe.

On the bright side, we can all look forward to a bigger and better rally for several reasons. There are more entrants lining up owing to more veterans getting on the road and the new dates being convenient for others. We will be in touch with you again soon.

*Charleville itself has been expanding. The COSMOS centre has now completed a brand spanking new Planetarium.*

*Outback Adventure . . . Charleville Western Queensland*

*Also completed nearby is a new Museum Building complementing the WWII Top Secret Tour.*

*We are looking to add visits to both of these into the rally program in 2021.*
